Future Projects

Our Services

Providing our best.....

Sales & Marketing

Saifen have specialized sales force in each country with dedicated team for marketing support

Product Registration

Saifen has it's own dedicated regulatory team in each country of operation for on time product launch

Distribution

Saifen is having sound infrastructure and reach to each and every part of the country with multiple stock points

Exclusive Projects

Saifen is working on a unique "Direct to Customer" app, to deliver medicines to patient's home/work place

Our Strength

The strength of a company
lies in its ability to
continuously evolve

Regulatory

A strong, dedicated regulatory team in each country ensures documentation is correct and registrations are fast tracked for early launch

Research

A dedicated marketing and research analysis team ensures that we shortlist products with real potential and launch the first generics frequently in the market to keep an edge over competition

Reliability

We provide correct market scenario with precise MOQ's to ensure that business is having least variations after commercialization
